OUR SOURDOUGH

menu

Utoo Boho Cafe & Patisserie is introducing its brand-new menu featuring handcrafted, house-baked sourdough—designed with the health-conscious in mind. For us, sourdough isn't just bread; it's a craft. Each loaf is slow-fermented using natural wild yeast and premium, chemical-free ingredients to enhance gut health, improve digestibility, and deliver deep, complex flavors.

We take the process seriously—carefully nurturing the starter, monitoring fermentation times, and hand-shaping each dough. The process takes over 24 hours from start to finish, requiring skill, patience, and precision. The result? A wholesome, hearty bread that's rich in nutrients and low in gluten, perfect for those seeking both wellness and indulgence. It is both rustic and refined, with a perfectly crisp, golden crust and a moist, airy crumb that melts in your mouth.

Join us in savoring the art of mindful baking!
